Milford Towbars

Genuinely Better Towbars

Every Milford towbar is designed, tested and built to genuinely outlast and outperform the competition and bring you peace of mind throughout the toughest of towing conditions.

Certified to the highest Australian and International standards, Milford Towbars are not only incredibly stylish and sleek in comparison but are guaranteed to deliver savings with their maximum competitive value.

Milford's carefully coordinated design and manufacturing process means that the Milford towing range is continually expanding. Each towbar is specifically and purposefully built to reduce strain on the vehicle and to ensure maximum performance so you can expect nothing but the best.

Milford Towbars

Genuinely Better Towbars

Milford's Towbar Range Includes:

- **Standard Towbar (STD)**
- **Heavy Duty Towbar (HD)**
- **Extreme Duty Towbar (XD)**
- **Towbar with Light Protector (LP)**

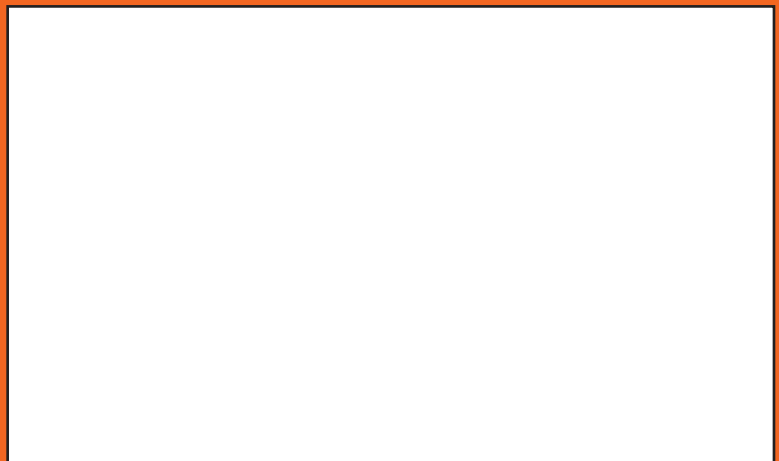

Milford uses the very latest in innovative CAD software and high quality materials throughout the design and manufacturing process.

Each Milford Towbar is subjected to Finite Element Analysis (a form of simulated testing) and extensive on vehicle dynamic testing to ensure that the highest level of safety, strength and quality is guaranteed.
